

Dear {Elected Officials Name}

I am writing to express my support for the right to life of the unborn and for an end to abortion in our nation. Will you commit to supporting legislation that protects the lives of unborn children and bring about an abortion free America?

To show my support I have joined thousands of Americans to sign The ***Declaration of Dependence***, which can be read and signed at www.declarationofdependence.org

Will you join me and my fellow Americans and sign this very important document that seeks to unify the nation under a set of life principles?

Signed,
